

WHITE CITY/EMERALD PARK

Building a New Home is Easy with Emerald Park Homes

A well-designed home will fit your needs, stay within budget and provide lasting value — long into the future. Emerald Park Homes takes pride in building quality homes that stand the test of time. But don't ask them, ask their customers.

Meet Ryan and Allison Easton. They built their first house with Emerald Park Homes — a 2,044-square-foot bungalow in White City, backing green space and close to the new school.

"When we first met with [the owners of Emerald Park Homes] we really felt that they were a real family-orientated company," explained Allison. "We knew we could trust them, and that they would be honest with us. Most importantly, they weren't out to hide anything. Ryan and I both knew, right then and there, that we were going with Emerald Park Homes."

"One of the first things I noticed was the bigger lots. We could have had a tiny lot in the city, but it's nice to have a big space out here... And their contractors are all amazing. We dealt with them one on one for everything, and we have nothing bad to say about any of them. Garry takes pride in all of his homes, and we can tell," said Ryan.

Garry and Lorena Sawchyn — owners of Emerald Park Homes — make the whole process easy and as transparent as possible.

So, gather your ideas and your pictures, and start a conversation with Garry at 306-781-3383, or meet him at one of the company's show homes in White City or Pilot Butte to get your new home started.
