

WHITE CITY/EMERALD PARK

# Plenty of Room to Grow with Emerald Park Homes

Is it the peace and quiet, the privacy or the tranquility of nature that defines country living? For Beverly and Don, it's all of the above. Since they moved onto their new acreage, Beverly has fallen in love with the country — and her new home.

"The city was getting too crowded for us," says Beverly, who just moved into her custom-built Emerald Park Home. "We like having neighbours, but we didn't want to be so close that we can hear their private conversations. Also, our old house was getting too small for our growing family."

The choice to move outside Regina was easy, but it took them two years after purchasing their lot to find the right home builder. Knowing this was their forever home, Beverly wanted to be 100 percent certain that they found the perfect builder.

"As an owner, Garry is very hands-on throughout the whole process, and answers emails right away. If we phone him, he's the one who answers — not some sales person. Other builders wouldn't even answer our emails. Even after moving in, there were a few minor changes, and touchups — they fixed everything right away. It was a very good experience, and I'd recommend them to anyone," says Beverly.

Since settling into her new family home, Beverly can't wait to get back into her garden. She even had an industrial-style kitchen designed to handle all the extra cooking and baking she'll be doing. However, her favourite part of the new home is the windows.

"We put windows everywhere, without worrying about our neighbours. Now we can sit in our living room and watch the horses run by next door," says Beverly.

Leave the busy, city streets behind and enjoy country living only eight minutes from Regina's east end. Larger lots, lower property tax, friendly neighbours, safe and affordable, near a golf course and White Butte Trails, Emerald Park Homes wants to build your forever home. Meet with the builder on the weekend or after work, in your home or in our office or showhome.
