

White City / Emerald Park A COMBINATION OF COUNTRY COMFORT AND URBAN CONVENIENCE

True Custom Build

"We had a home built in the past, but we were not given the same freedoms to design the home we wanted. With Emerald Park Homes, we were able to build our dream home. We are absolutely thrilled with our new home."

Regular Visits with the Builder

"I really appreciated having regular on-site visits with Garry to observe the construction of our home during all phases of the building process. Emerald Park Homes were very accommodating with any questions I had, or any changes we wished to make. I was particularly impressed with all the tradesmen working on our home because they were clean, organized and professional. There weren't any debris or tools lying around the job site, and they were more than willing to answer any questions I had."

"We are genuinely pleased with our entire home building experience with Emerald Park Homes, and would highly recommend them to anyone considering building a new home," says Bill.

"We are excited to come home every day," says Charlene.

Emerald Park Homes invites you to take the short drive to White City to see the great selection of fully serviced lots and rural acreages that we have purchased for your new home. Do Your Homework

"In June 2011, Bill and Charlene Roszell walked into the offices of Emerald Park Homes to begin discussing plans for their new home in White City. Bill says, "Right from the beginning we felt as though everyone at Emerald Park Homes were on our side, and we continued to feel that way throughout the entire process. They really take pride in their product, and that pride shows in the exceptional quality of our home."
