

# Country Lifestyle For Schafer Family

North of Pilot Butte at Rock Pointe Estates, Travis and Holly Schafer recently moved into their custom-built home, and they couldn't be happier with their experience with Emerald Park Homes. They are highly pleased with the whole building process from start to finish, which began in February 2012 and ended with the Schafers' moving in on November 15th.

## Specific Design Ideas

Travis and Holly had very specific ideas on how they wanted their home to be finished, and Emerald Park Homes ensured their needs and wants were met. "For example, we knew what we wanted for flooring, and Emerald Park Homes was happy to source our flooring, even if it meant working outside their normal suppliers," says Travis. "We were also totally impressed with our cabinetry. The Cougar Cabinets we selected look beautiful in our home."

## Working Directly With The Builder – NOT SALES STAFF

The Schafers are very happy in their brand-new home, and found working with Emerald Park Homes to be a dream. "The team at Emerald Park Homes were so friendly, willing to meet our expectations, and their trades were great," adds Travis. "We'd recommend them to our friends and family, no question."

Emerald Park Homes invites you to take the short drive to White City to see the great selection of fully serviced lots and rural acreages that we have purchased for your new home. Larger lots – lower property tax – family friendly – quiet – safe – walking paths – golf course – spray park – ball and soccer fields.

“Our situation was unique because we had purchased the acreage for our home before finding a builder. Many builders don't want to build on lots they don't sell, but Emerald Park Homes was happy to accommodate us.”
