WHITE CITY/EMERALD PARK

Emerald Park Homes earns reputation for customer satisfaction

Ray and Lovina Buhs began the process of building their house with Emerald Park Homes Ltd. in June of last year and, at the end of April, moved into a home that they can be proud of. Although constructed by Emerald Park Homes, the couple can feel that the end result is their own creation due to the builder's versatility and willingness to please its clients.

The couple chose Emerald Park Homes partly on the basis of the company's reputation. "We heard good things about them," said Ray. "I talked to different people that have built, and I've got a couple of friends that built with Garry, and they were quite happy with what happened. Everybody you talk to seems to be very happy with them."

That reputation was confirmed for Ray and Lovina when the couple had the opportunity to oversee the construction process. "They were very approachable, and no problem was too big or too small to be taken care of immediately," said Lovina. "The friendliness of people like Garry and Lorena makes them excellent people to work with."

Ray agreed that the open and communicative relationship with Garry, Lorena and their contractors made the building process a satisfying experience: "They're good people to work with. Anytime we had an issue, Garry took care of it."

As a result of the overall quality of their new home's construction, the couple is hard-pressed to identify any features that deserve particular praise — rather, the house comes together as a unified masterpiece. "I love everything about it," Lovina said. "I think they've done an excellent job."

Most importantly, they now have a home of the highest quality that they can consider uniquely their own. "Their tradespeople have done things in here that are very different," said Lovina.

"The finish work is really good," Ray concurred.

With their new home a reality, Ray and Lovina can now echo the praise of the friends who originally encouraged them to enlist the expertise of Emerald Park Homes. "We're very happy with the build process," said Lovina. "Everything went very smoothly. I would definitely recommend Gary and Lorena to anyone building a home."
