A Message from MIKE HOLMES, *Canada's Most Trusted Contractor*

I am proud to welcome Emerald Park Homes into the Holmes Approved Homes program as my first partner builder in Regina. Why? Because they understand that building a home means building your future, and they care.

Emerald Park Homes is an honest builder with honest values. Garry's been in the business for over 30 years—I've been in the business for over 30 years. They own a family business. So do I. We understand the same principles of building right. We share the same values when it comes to proper construction, and what that means for you and your family.

Bottom line: When you buy a Holmes Approved Emerald Park home, you are buying a home that's built to last. Peace of mind is what we're about. Building right is what we're about. Giving you a home that is healthy, strong, protected—and looks good, too—this is what we're about.
